5.DISCUSSION

- How to overcome the challenges of Covid-19 in Travel Industry?

DIFFERENCE BETWEEN HOTEL AND RESORT

- A hotel is a place near the center downtown that provides lodgings, or sleeping accommodations, to its patrons.
- A resort is a space, similar to a hotel, that offers relaxation or recreation to its patrons. The activities in here depend upon the environment (rainforest, beach...).
- Hotels cater to travellers who need a place to spend the night at a certain destination. Resorts often have a more spacious layout, offering their guests everything they need in one place.

Impact of Covid-19 on the Travel Industry

- In 2020, because of Covid-19 both of the revenue of City Hotel and Resort Hotel decreased.
- Revenue decreased from 6,1 million \$ in 1/2020 to 64509 \$ in 9/2020 for Hotel City. For Resort City, the number decreased from 3,3 million \$ to 130000 \$ at the same time.

SOLUTION

- Focus on developing domestic tourism.
- Use vaccination certificates.
- Apply preferential policies to customers
- Encourage customers using food service at room
